

How To Draw A Simple Face

Stage 1

Draw around the template you have made. See previous tutorial.

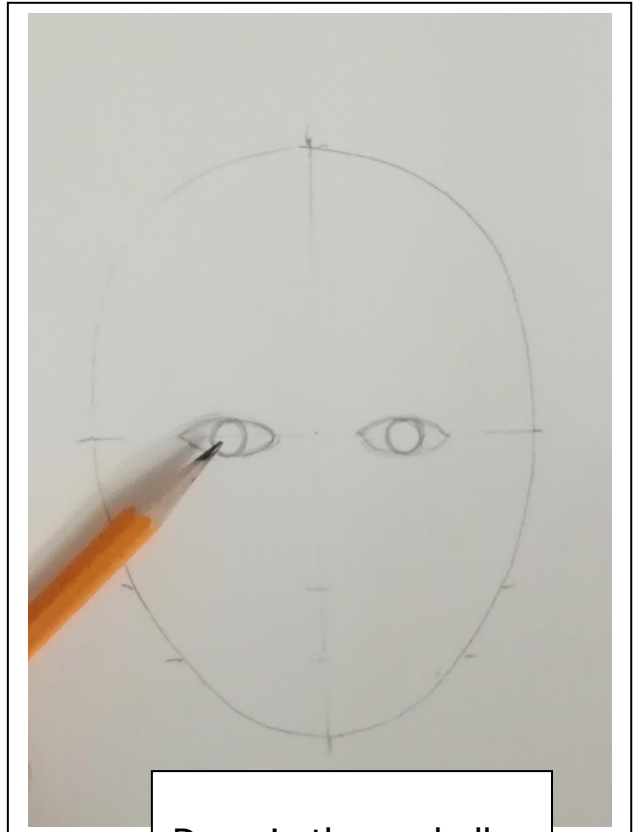

Lightly mark in the eye line, nose and mouth positions.

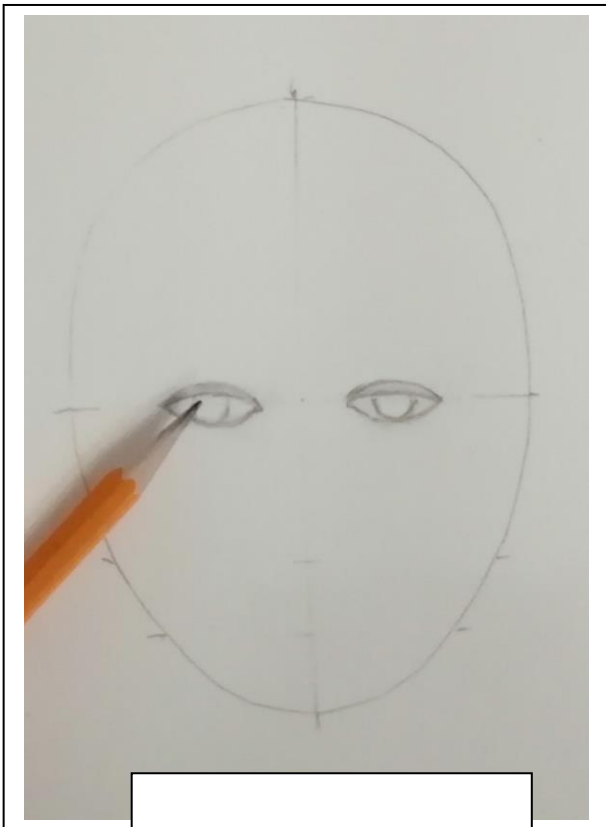

Stage 2 Eyes

Draw in the eyes trying to create an almond shape.

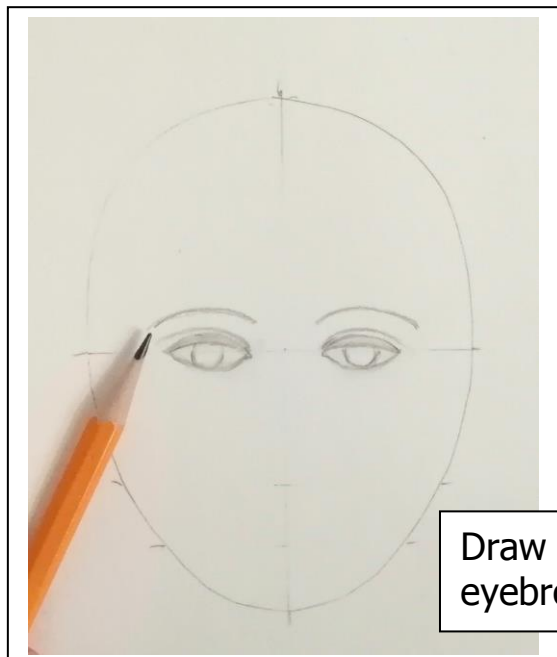

Leave a gap in the middle the size of another eye

Draw in the eyeball.

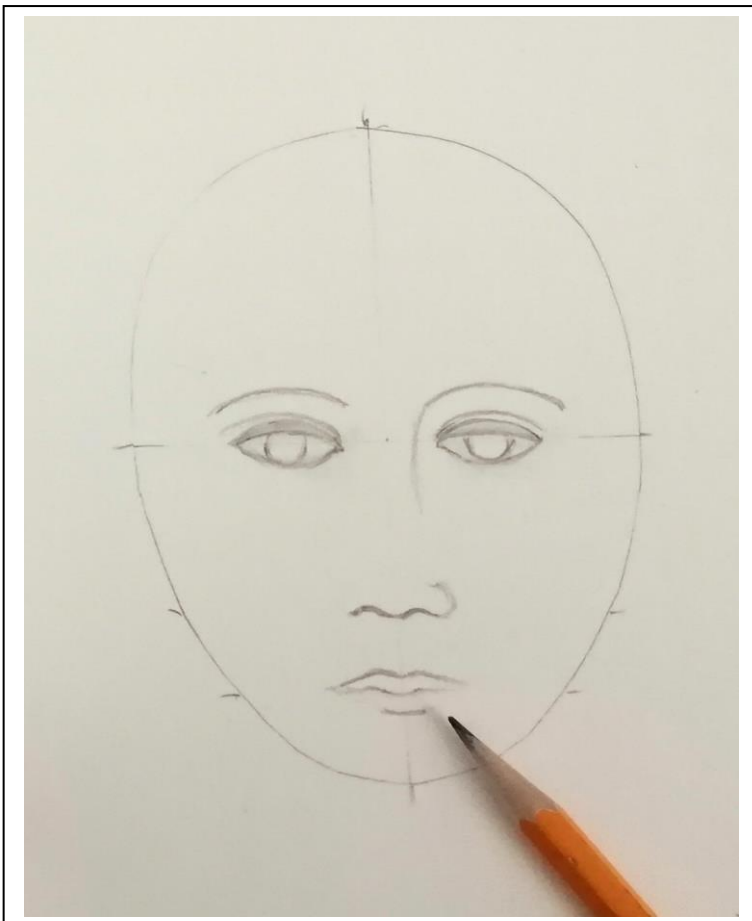

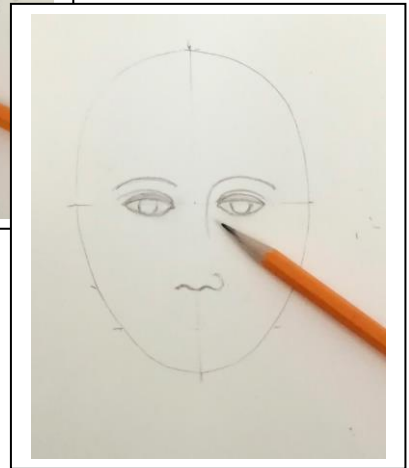

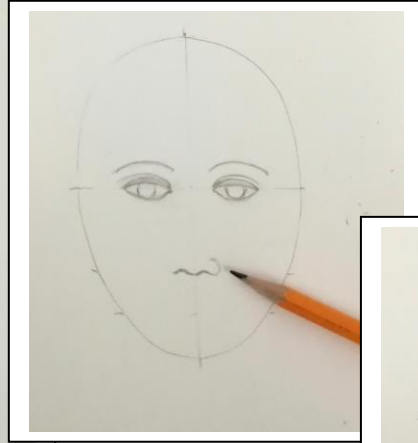

Draw the lid over the top of the eyeball

Draw in the eyebrows

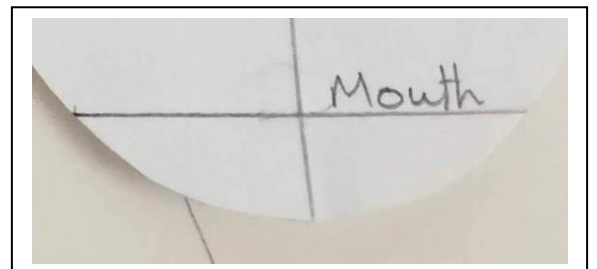

Stage 3 Nose

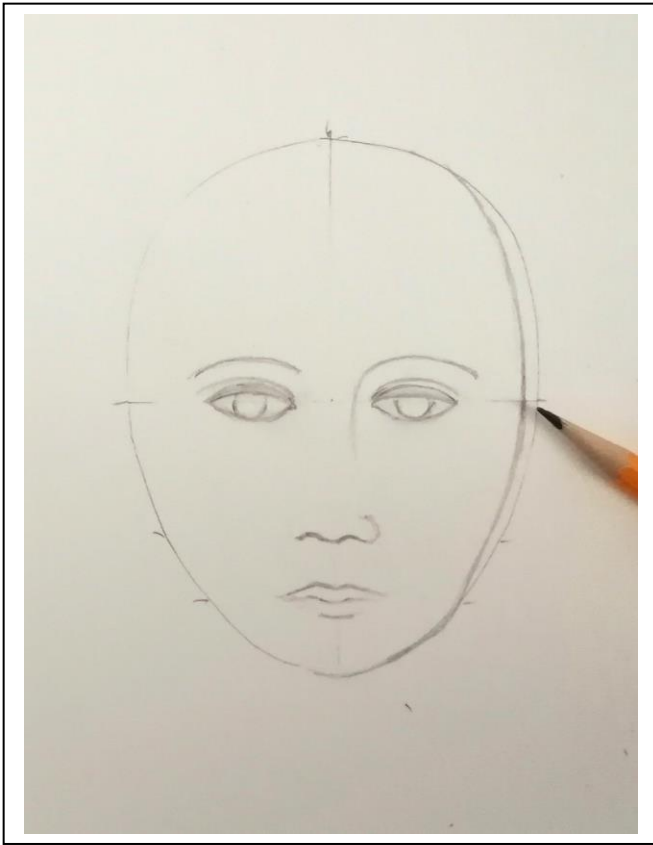

Draw a gentle curve for the nostrils and nose.

Stage 4 Mouth

Create the mouth forming a top lip and bottom lip either side of the mouth line.

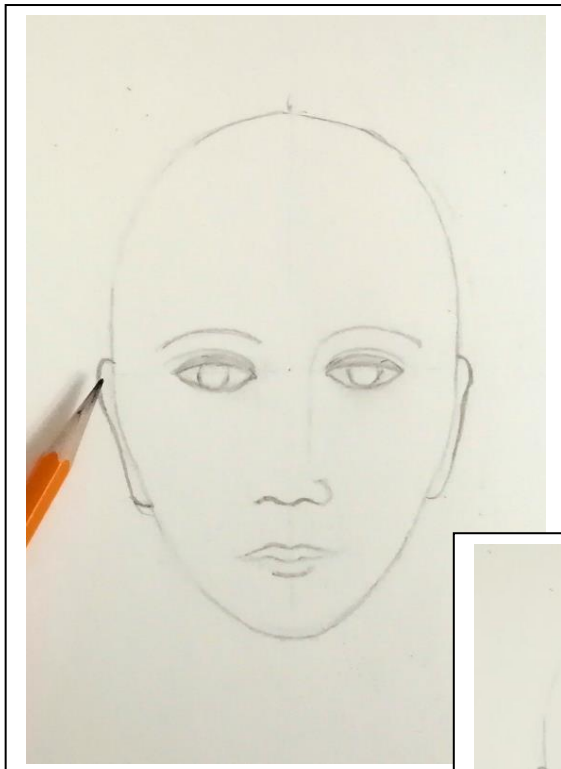

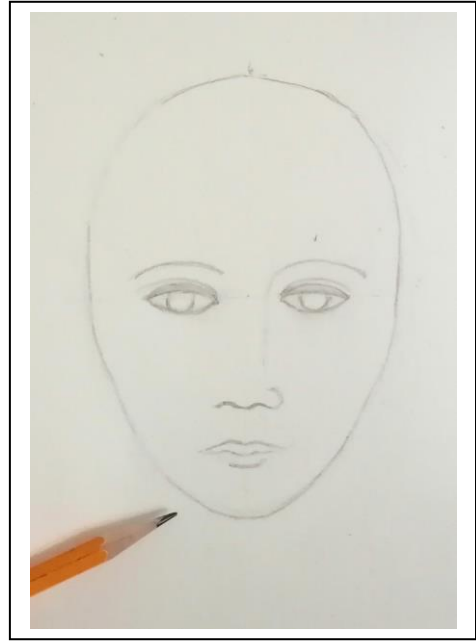

Stage 5 Shaping

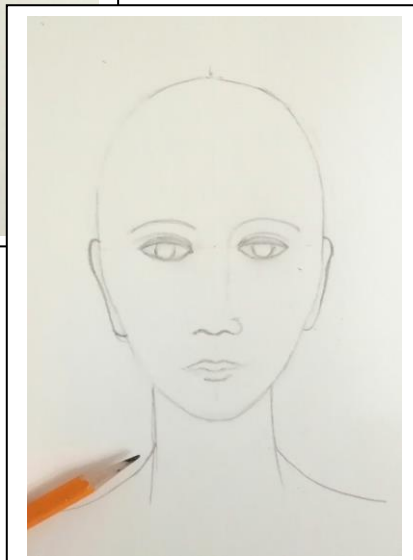

Narrow down the sides of the face.

Lengthen the chin if necessary.

Stage 6 Ears and Neck

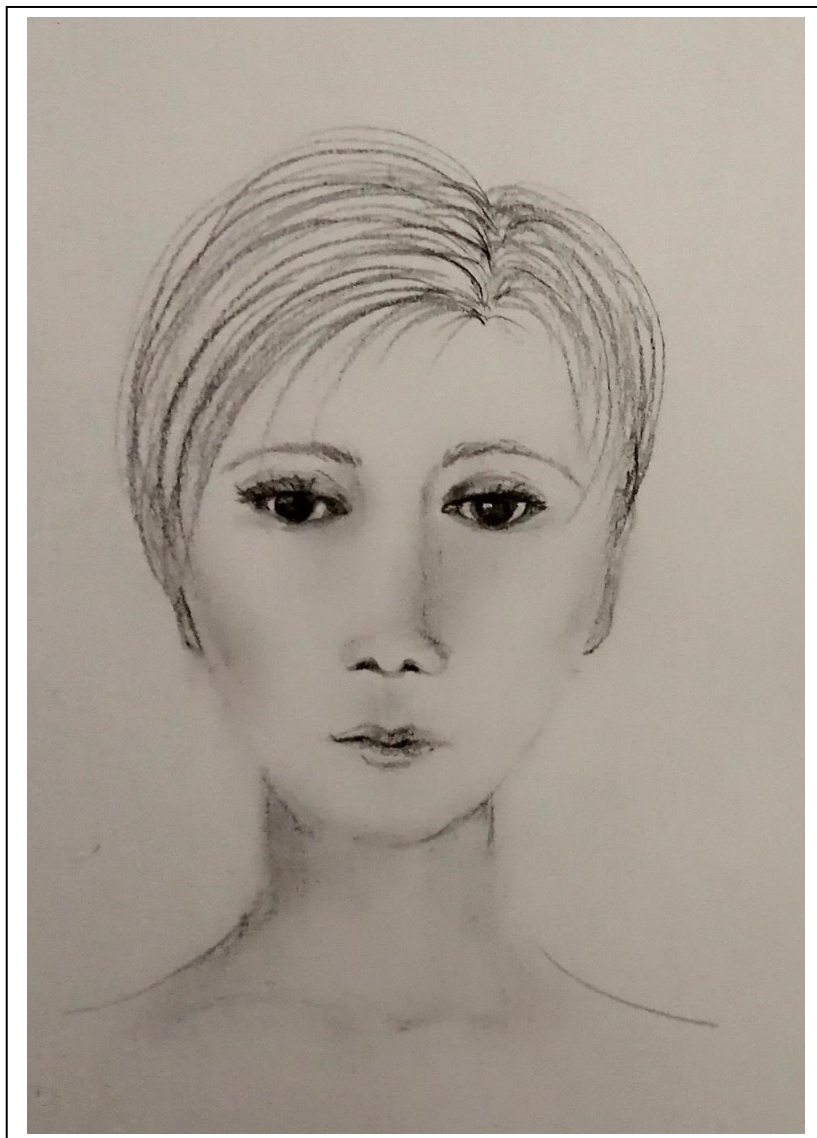

Draw the ear in line with the top of the eye and down to the end of the nose

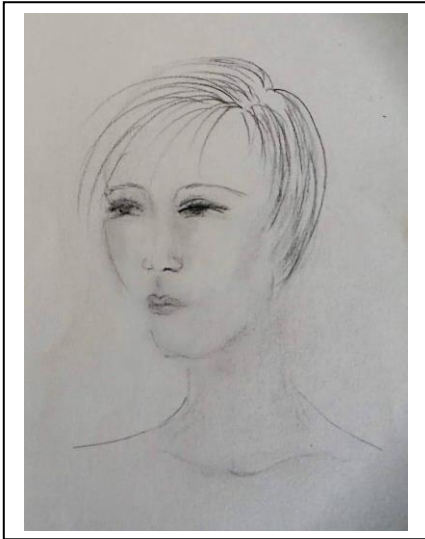

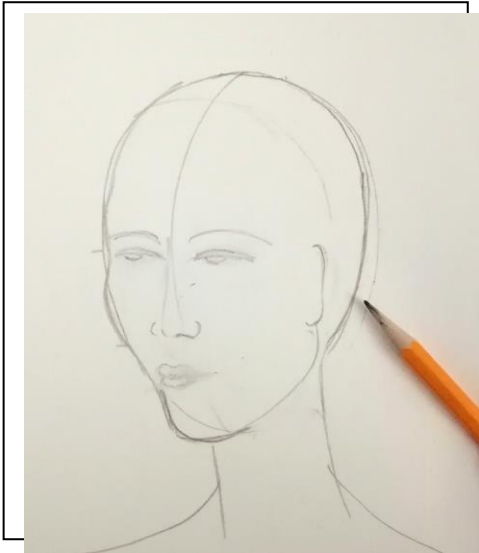

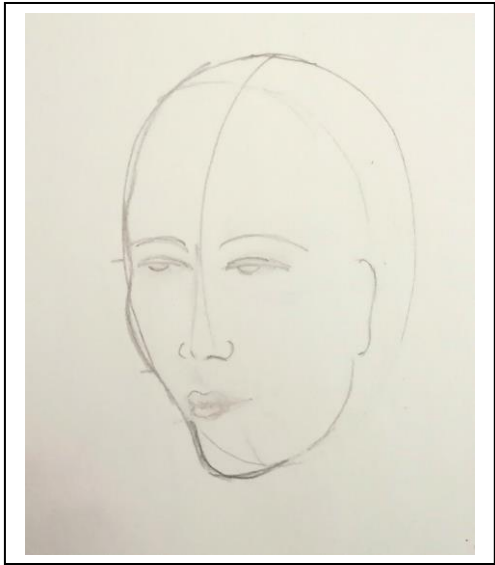

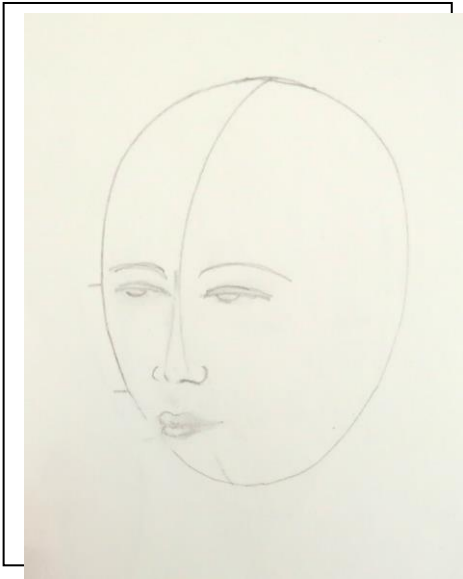

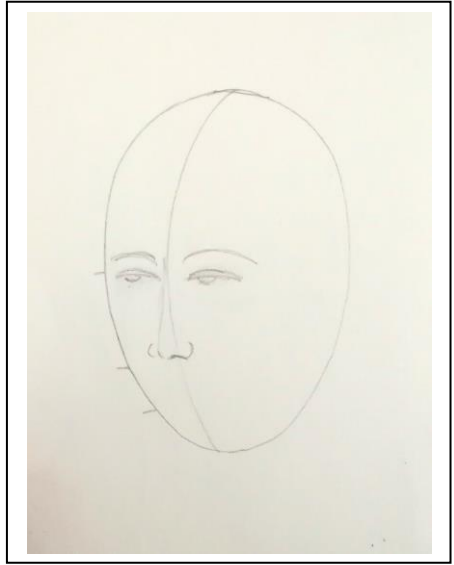

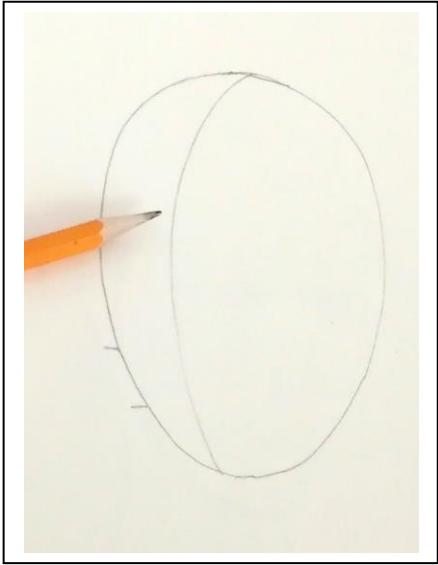

Draw in the neck

If you want, add in the hair and shading
but keep it simple!

Some Added Extras!
Turning The Head

Use your template and mark the nose line over to one side.

Mark in the positions of the eyes, nose and mouth as before.
